2010 : A Great Year to Buy Local!

*With such a wide variety of offerings, it seems like everyone can find what they need at the Open Aire Market this year. From bread and cheese, to jewelry and chocolate truffles, to beets and beef, we have your weekly staples right downtown every **Saturday from 9 am to 3 pm.***

We are happy to welcome back many of our amazing and talented vendors. You may find your favorite soap maker, textile artisan or bird house maker on Cedar Street with their latest creations.

Welcome New Vendors

As you can see from the above listings we are very excited to welcome all the new vendors for 2010!!!!

We will all be eating very well on Saturdays.

Please take time to meet new vendors and give them a warm welcome. If you cannot locate someone you are interested in meeting ask the market manager to show you around.

In Appreciation

We are so grateful for all the efforts of the current board of directors. Each one of them has gone beyond the call of duty in service of the Open Aire Market. Be sure to thank them for all their efforts.

Note to Our Community

As a community organization we rely on volunteers to help make the market all it can be. If you or someone you know may be interested in helping out on Saturdays, please contact the market manager. We could use a hand with the morning set up 6 - 9 am, someone to man/woman the market booth for a few hours between 9 and 3, and the afternoon breakdown starting at 3 - 4:30.

We are also open to community oriented events taking place at the market during the season. Already this year we will be hosting a strawberry shortcake social and a Senior Day. If you are interested in organizing an event at the market, let us know.

Please talk with Lisa Bridge, Market Mgr. in any account.
